JavaScript

Python

Work Experience

Turner & Townsend

July - August 2022

Summer Intern

- Used excel sheets to organize and estimate costs for different projects
- Assisted in creating flash reports that briefed about a specific construction project, including a schedule and budget
- Learned about the flow of a construction schedule and helped create one
- Exposure to industry meetings revolving procurement processes

ACE MENTOR PROGRAM

October 2020- June 2022

Team 9 - KPF

- Working alongside professional mentors in the field of architecture, construction, and engineering, to adequately design a building technically and aesthetically

METROSPEEDY TECHNOLOGIES INC

July - August 2021

Media Intern

- Pinned existing locations of clients on a map for drivers to better navigate their deliveries
- Designed landing pages that targeted clients with different delivery needs, such as a supermarket or a pharmacy
- Drafted floor plans to efficiently place 20 eco-friendly delivery bikes into the garage space

GRANT ASSOCIATES

May - June 2021

ISP Prep Participant

- Actively participated in 30 hours of workshopping to better understand different industry fields, the journey, and next steps after high school

URBAN PLAN COMPETITION

May - June 2021

Participant

- Represented the role of site planner on a Real Estate development team to win the bid for a Request for Proposal to redevelop a blighted neighborhood
- Cooperated with the development team to create a vision statement, site plan proposal while balancing the needs of the neighborhood groups and the city and ensuring an appropriate tax revenue and profit return
- Collaborated with industry professionals to receive feedback and share ideas regarding design and financials and presented to a representative City Council from the Urban Land Institute
